

# ***Employee Involvement Builds Commitment and Unlocks our Potential***

**Since starting at Vantage in 2005,  
Jen has taken on a leadership roll.**

**She started as a labourer,  
then took on the role of lead hand  
on the grind line,  
and then started the  
apprenticeship meat cutting program.**

**Jen took top marks after year 1 at TRU,  
and of late has filled in as  
temporary lead hand  
for the lamb and veal room.**

**It's this kind of involvement  
that makes her a valued employee.**

**Thanks, Jen, and keep up the great work!**
