

Employee Involvement Builds Commitment and Unlocks Our Potential

Grace Ilagan

Winnipeg Service Centre
May 2009

Grace has been with Vantage since January 2003, and has worked in many areas in the facility.

She has recently played a key role in the start-up of our frozen sausage program.

She has worked closely with staff and supervisors to help improve the process.

She is considered an expert in the area.

When our suppliers come to help us with certain issues, they ask to work with Grace specifically.

Thank you for your contribution to the team, and keep up the great work!
