January 2010

Since switching  
over to the five-day work week,  
the grind line has dealt with  
huge volumes on Thursdays and Fridays.

With these huge volumes,  
we have to start very early,  
and everyone stays to make sure  
all the orders are filled.

It takes dedication and team work  
to make this happen.

Thank you all,  
and keep up the good work!

Quality commitment
