

Employee Involvement Builds Commitment and Unlocks Our Potential

Milan Vuksa

Winnipeg Service Centre
October 2009

Milan has been with Vantage for the past 3 years as our electrical apprentice.

He has recently played an important role in the re-design of the sausage line.

Milan noticed the layout was not efficient or ergonomically friendly. He then took it upon himself to speak to all of the employees involved in the process to get their opinions.

This resulted in a new layout all employees are happier with.

I'd also like to take the opportunity to thank you for your innovative idea regarding the tray straightener.

Thank you for your contribution to the team, and keep up the excellent work, Milan!

quality commitment
