

As a Lean, Hands-On Organization, We Respond With a Sense of Urgency

Sisieng Hoang worked long days and six-day weeks to ensure that the QA department ran seamlessly in the absence of a QA Manager and a QA Technician.

Sisieng Hoang

Winnipeg Service Centre
January 2009

In addition to his day-to-day duties, and those of his manager and colleague, Sisieng took on additional projects. These included testing new gas flush bags and settings, and implementing a new E.coli test for trim. Sisieng never missed a beat! Everything got done, on time, within quality specifications. New gas flush bags were implemented, production continued to flow smoothly, and E.coli tests came back negative.

When his new boss showed up, he welcomed her and provided her with information and training to ensure a smooth transition.

Sisieng did all of this with a positive attitude and a smile on his face.

You are a definite asset to Vantage Foods.
Keep up the great work, Sisieng!

Quality commitment
